CAREER OBJECTIVE

Computer Engineering graduate with a strong interest in software development and web technologies. Currently completing Full Stack Development training at Orange Coding Academy, with hands-on practice in developing web applications using C#, HTML, CSS, and JavaScript. Seeking an opportunity to apply my technical skills, gain practical experience, and continue growing as a Full Stack Developer.

EDUCATION

Yarmouk University – Irbid, Jordan

B.Sc. in Computer Engineering

Projects & Experience

Full Stack Development Trainee – Orange Coding Academy

Currently participating in Full Stack Development training with hands-on practice in web development and software development. Working with technologies including C#, HTML, CSS, JavaScript, and databases. Developing practical projects and improving skills in problem solving, debugging, and building responsive web application

AI Voice Assistant for Elderly Care

Developed an Arabic voice assistant prototype to support elderly users in managing daily activities. The system provides medication and appointment reminders, voice interaction in Jordanian Arabic, and personalized assistance. Implemented backend functionality using Python and designed an interactive web-based user interface using HTML, CSS, and JavaScript. This project enhanced my skills in software development, user experience design, problem solving, and teamwork.

Coffee Shop Website

- Designed and developed a responsive coffee shop website using HTML, CSS, and JavaScript.
- Created an interactive and user-friendly interface.
- Implemented menu sections, navigation, animations, and responsive layouts.

SKILLS

Technical Skills

- **Programming Languages:** Python, C#, C++, JavaScript
- **Web Development:** HTML5, CSS3, JavaScript
- **Database:** SQL, Database Design Concepts
- **Version Control:** Git, GitHub
- **Microsoft Office:** Word, Excel, PowerPoint

Soft Skills

- Problem Solving
- Teamwork and Collaboration
- Communication Skills
- Time Management
- Fast Learning
